**Dr. Dhanraj Singh** is from the generation of reputed anatomists of India. Born in 1940 in Lucknow, he did his M.B.B.S. and M. S. (Anatomy) from prestigious King George's Medical College Lucknow (now upgraded as King George Medical University) in the years 1964 and 1968 respectively. Serving his alma mater in various capacities, Dr. Singh was Professor and Head of the department for over 10 years from 1<sup>st</sup> July 1990 to 30<sup>th</sup> September, 2000. He is the **first teacher from his institution to obtain Ph. D. (Anatomy)** from, Aligarh Muslim University, Aligarh in 1982 under the able guidance of his teacher (Late) Prof. Dr. Mahdi Hasan – a stalwart of Anatomy.

In the year 1999, on deputation from Government of India, Dr. Singh served at B. P. Koirala Institute of Health Sciences, Dharan, Nepal as Professor and Head of Anatomy. He has a vast experience of teaching undergraduate, postgraduate, and paramedical staff. He is an active member of Anatomical Society of India. The meticulous teaching and outstanding research earned him **Dr. Dharam Narayan Memorial**, and **Dr. Mahdi Hasan Gold Medals** of the Anatomical Society. Dr. Singh is also a **Founder Fellow of the Anatomical Society of India**.

Dr. Singh has 27 original publications in indexed national and international journals with nearly 35 citations, and 4 international scientific presentations besides 5 books on the racks and 2 in the press. For his overall contributions in the field of Anatomy, the Medical Council of India conferred upon him the prestigious **Hari Om Ashram Alembic Research Award** under the category of Basic Medical Sciences in the year 1997. Dr. Singh was awarded **Fellowship of Indian academy of Neurosciences** in the year 2003. For his continued association with the Anatomy Department, and passion for teaching Dr. D. R. Singh was awarded honorary post of **Emeritus Professor in Anatomy**. Presently, Dr. Singh is teaching Anatomy at **Nepalgunj Medical College, Nepal** as Professor and Head of Anatomy Department. Also, he loves taking Lectures on different aspects of Anatomy, whenever he visits his parent institution.
